

RACK SAFETY SYSTEMS & ENCLOSURES

HEAVY-DUTY

Panels and doors are constructed of an industry-leading 6ga welded wire in a 2" square pattern ensuring proper protection (10ga welded wire is also available).

SIMPLE TO INSTALL

With fixed or adjustable brackets, systems can mount to any upright.

DURABILITY = RELIABILITY

Welded wire design provides unrivaled rigidity lasting longer than safety netting.

FLEXIBLE DESIGN

Rack Safety systems can be custom made to fit your bays; extension kits are available when protecting items above the top beam.

Prevent Warehouse Accidents & Thefts

Rack Safety systems from SpaceGuard Products, Inc. protect people from falling objects while also providing secured storage for finished goods, equipment, and supplies.

RACK SAFETY SYSTEMS & ENCLOSURES

PANELS

Panels are welded at all corners with mesh securely welded into a 1-1/4" x 1/8" thick angle. To provide coverage, panels will stack to meet the desired heights. For example, in a 10'W x 14'H bay, you would use (2ea) RS50's & (1ea) RS40.

Standard sized panels are designed to match the beam length; however, panels can also be customized to fit a variety of applications.

Full Enclosures: Panels, along with flush-mount brackets, can be used to secure the ends/sides of the rack.

Oversized Bays: Bays wider than 10' require (2ea) panels adjoined with our splice plates (RSPLICE).

DOORS

Doors are composed of the same materials as the rear and end panels. Each bi-parting hinge door comes with a padlock hasp which locks in the middle.

Slide doors and custom sizes are also available upon request.

BRACKETS

There are 3 types of L-shaped **fixed** brackets: ANGCLIP (flush-mount), RB06, & RB12. The RB06 & RB12 brackets have holes punched in various increments allowing the customer to adjust the offset as needed.

Universal brackets use a 2" square collar around a tube, giving the user full adjustability.

Standard Panel Sizes

Part #	W x H
RS50	10' x 5'
RS59	9' x 5'
RS58	8' x 5'
RS57	7' x 5'
RS40	10' x 4'
RS49	9' x 4'
RS48	8' x 4'
RS47	7' x 4'
RS30	10' x 3'
RS39	9' x 3'
RS38	8' x 3'
RS37	7' x 3'

Standard Door Sizes

Part #	W x H
RD68	6' x 8'
RD60	6' x 10'
RD88	8' x 8'
RD80	8' x 10'
RD08	10' x 8'
RD00	10' x 10'

Bracket Types/Sizes

Part #	Type	Offset(s)
ANGCLIP	Fixed	0" (Flush-Mount)
RB06	Fixed	4", 5" & 6"
RB12	Fixed	8", 10" & 12"
URB12S/D	Universal	Adj. from 2" – 12"
PB1 & PB2	Pivot (for doors)	N/A (Flush-Mount)

Universal Brackets
(Adj. Offset)
